

The background of the entire poster is a close-up, high-contrast photograph of a welding process. Bright, orange-yellow sparks are being ejected from a central point, creating a dynamic and industrial atmosphere. The sparks are blurred, suggesting motion.

Exhibitors' testimonials

MAGMAWELD

Weldex is one of the key exhibitions for us. We could provide the welding competition with our equipment, where it would be tested among professionals, people would see its advantages and inform their managers. We get fame, popularity and the potential opportunity to sell all the products at the exhibition thanks to personal communication.

ALLOY

We get a lot of useful contacts here, chief welders and purchasing managers come to us. Each new exhibition we grow with new contacts, Weldex is a great opportunity to show live all the welding processes that we provide.

GOLDEN BRIDGE

We have exhibited at Weldex since 2015. The exhibition helps our company grow and develop. We hold productive negotiations and meet new clients every year at Weldex. This exhibition is very important and interesting because specialists come and learn new technologies.

SOUTHERN INDUSTRIAL GROUP

Exhibiting at Weldex gives us the opportunity to showcase new products and update our customer base. Long-term cooperation with the Weldex exhibition helps to expand the segment of our products and find new partners.
